Class Coordinators

Dear Parents and Caregivers,

An important role within the North Rocks School community is that of the Class Coordinator. Class coordinator positions are organised at the “Meet the Teacher evening”. The role is quite varied and includes the following:

- To act as an informal communication point between class parents, Parent Auxiliary and the class teacher. Not all parents and caregivers can come along to the parent auxiliary meetings so our coordinators let other parents know what was discussed at the meetings and what events are coming up.

- Support the Parent Auxiliary in their fundraising activities by encouraging class parents to attend, volunteer or assist in any way they are able. There are a variety of fundraising events throughout the year that the PA initiates, and getting involved and supporting the school can be a lot of fun!

- Organise social events throughout the year for the parents in the class/grade. This is done in conjunction with the other coordinators from your grade or the parents of the class and can be as simple as a dinner, a coffee morning, or afternoon tea with the kids in the park behind the school.

- Class coordinators are encouraged to attend or send a class representative to each auxiliary meeting held on the second Monday morning of the month in the staff room.

- Class coordinators are encouraged to seek fun and fundraising ideas from their class parents and to communicate these at the Parent Auxiliary meetings.

If you are willing to act as a Class Coordinator or have any questions about the role, please do not hesitate to speak to the class teacher.

Thank you for your support.
